Praise

Anton Cechov: A Chronicle

Astonishing material: Chekhov, as he rises before us in this work, is one of the most incredible figures of Russian intellectual history. – Allgemeines Sonntagsblatt, Hamburg

For a man who said of himself that he suffered from a disease called autobiographobia, this chronicle represents the ideal biography. A documentation of his life and works, constructed with the utmost precision and succinctness. The appendix includes an epilogue, the table of contents of Chekhov's first Russian annotated edition and a complete bibliography of German translations.
