Law, Cate Blanchett

1996: Once You Meet a Stranger

Director: Tommy Lee Wallace
Cast: Jacqueline Bisset, Mimi Kennedy, Andi
Chapman

Patricia Highsmith's »other« biography in summary: born as the daughter of a fashion artist and a commercial artist in Fort Worth, Texas in 1921. Her favourite book from her parents' library: »The Human Anatomy«, an introduction to nude drawing. In 1938, after completing high school, Patricia Highsmith attended a course in nude drawing. Studied literature and zoology at Columbia University in New York (her first short stories appeared in the college newspaper). She travelled to Mexico alone to write her first novel but returned to New York with a number of full sketchbooks and toyed with the idea of becoming a painter. She earned her first wage with texts and drawings for comics (including Superman), and she spent her evenings writing. Patricia Highsmith continued drawing, painting and sculpting even after achieving international renown with her first novel, *Strangers on a Train*, published in 1950. 1958 saw the publication of a children's book entitled *Miranda the Panda is on the Veranda*, with text and illustrations by Patricia Highsmith. – Following in the footsteps of her literary role model, Henry James, she travelled to Europe in 1949 (where she lived from 1963 until her death on February 4th 1995 in Locarno/Ticino) and observed the widespread destruction of post-war Europe through American eyes. She made sensitive, almost cheerful little pen-and-ink drawings and water colours of towns and landscapes which she used as scenes for her somewhat dark novels and stories. Her sketchbooks and diaries contain portraits of her friends and lovingly executed drawings of cats, as well as some rather alarming studies of snails.

Patricia Highsmith (1921 – 1995), born in Fort Worth, Texas, grew up in Texas and New York and studied Literature and Zoology. She wrote her first short stories while still in high school and initially earned a living as a comic book writer. She had her first international hit in 1950 with her debut novel *Strangers on a Train*, and the film adaptation by Alfred Hitchcock catapulted her to worldwide fame. Patricia Highsmith died in Locarno in 1995.

Praise (cont'd)

»Many of her stories reflect the kind of breathtaking misanthropy that could only have been achieved over a lifetime. And virtually all share the same sense of macabre inevitability, which means that the number of stories end up in almost that many deaths. Ms. Highsmith was never one for halfway solutions. What is interesting about Ms. Highsmith is that instead of describing such an denouement with suitably ghoulish overtones, she typically treats it in almost businesslike fashion. Her interest is in the generally unspeakable tensions and resentments that lead up to such outbursts, not in the messy side of murder.« – Janet Maslin / The New York Times

»Patricia Highsmith is a giant of the genre. The original, the best, the gloriously twisted Queen of Suspense.« – Mark Billingham

»Patricia Highsmith was every bit as deviant and quirky as her mischievous heroes, and didn't seem to mind if everyone knew it.« – J.G. Ballard / Daily Telegraph, London

»Patricia Highsmith should be considered an essential postwar writer who captured the neurotic apprehensions of her times. By her hypnotic art Patricia Highsmith puts the suspense story into a toweringly high place in the hierarchy of fiction.« – The Times, London

»One thinks of comparing Miss Highsmith only with herself; by any other standard of comparison, one must simply cheer.« – Auberon Waugh

»To call Patricia Highsmith a thriller writer is true but not the whole truth: her books have stylistic texture, psychological depth, mesmeric readability.« – Sunday Times, London

»Although she is today one of the world's most widely read contemporary authors, there is still more of Patricia Highsmith to discover...« – Le Monde, Paris

»Patricia Highsmith keeps moving, darting in and out of our fields of vision, making afterimages that will tremble – but stay – in our minds.« – The New Yorker

»For eliciting the menace that lurks in familiar surroundings, there's no one like Patricia Highsmith.« – The Times, London

»Patricia Highsmith was the undisputed mistress as well as one of the creators of the modern psychological crime novel.« – Simon Shaw / Mail on Sunday

»Miss Highsmith is a novelist whose books one can re-read many times. There are very few of whom one can say that. She has created a world of her own – a world claustrophobic and irrational which we enter each time with a sense of personal danger. [...] Highsmith is the poet of apprehension.« – Graham Greene

»One of our greatest modernist writers.« – Gore Vidal

»Patricia Highsmith, the greatest of all crime writers.« – The Times, London

Praise (cont'd)

»Ripley has always been a source of inspiration for cinema, which is what makes him lively, shining and omnipresent still today.« – Nadia Terranova / La Stampa, Torino

»Everything appears entirely causal in Highsmith's books. Logically inferred, and presented in a dramaturgically polished manner.« – Ronald Pohl / Der Standard, Vienna

»To read Highsmith's stories is a delight, a real celebration.« – Alex Rühle / Süddeutsche Zeitung, Munich

»For some unknown reason Patricia Highsmith, one of the most important modern narrators, is regarded as an author of crime novels. She is both.« – Gore Vidal

»In the best stories, there is a clarity in terms of composition and a unity in tone that reminds you of Edgar Allan Poe, staged with a backdrop that evokes Edward Hopper.« – Tiziano Gianotti / La Repubblica, Rome

»The grande dame of the thriller turns 100 and is more up to date than ever. Her creatures are patrolling the moral low life of our nature, committing their cruelest crimes.« – Laura Ventura / La Nación, Buenos Aires

»Truly, Highsmith, who was an avid reader of Dostoevsky and Kierkegaard, illuminates the shimmering shades of good and evil.« – Maike Albath / Süddeutsche Zeitung, Munich

»Highsmith's unfathomable nature is every bit as deep as Fyodor Dostoevsky or Joseph Conrad's hellscapes.« – Jan Wilm / Neue Zürcher Zeitung, Zurich

»... queen of psychological suspense.« – The Guardian, London

»Patricia Highsmith will take you on a journey, into temptation, passion, guilt, cruelty and danger. She is the voice that dogs you in the dark, seductive and persuasive, nightmarish yet irresistible.« – Amanda Craig

»I love the addictive quality of Highsmith's novels, her ›low hypnotic murmur‹ or the feverish, lyrical prose in *Carol*.« – Jill Dawson

»Although I'm a great admirer of Patricia Highsmith's thrillers and the complex moral landscape she explores, for me the high watermark will always be *Carol*, aka *The Price of Salt*« – Val McDermid

»Highsmith (1921-1995) introduced new layers of psychological complexity to the crime thriller, one key reason why filmmakers continue to be so attracted to her.« – Geoffrey Macnab / The Independent, London

»Whereas other crime writers' work often becomes dated or seems tied to a specific period or place, Highsmith's books have enduring and universal appeal.« – Geoffrey Macnab / The Independent, London

»We are often drawn into Highsmith's claustrophobic world like flies tentatively exploring the gossamer strands of a spider's web.« – Andrew Wilson / The Sunday Times, London

Praise (cont'd)

»The canonization of Patricia Highsmith – doyenne of the psychological suspense novel, depressive homosexual, mean drunk, and one of the greatest, darkest American storytellers since Poe – has officially begun.« – Terry Castle

»When you read one of Highsmith's stories, you've given her permission to follow you, catch you, take you apart. Get ready to run.« – Carmen Maria Machado / *The Guardian*, London

»The 21st century – when imposture is at the heart of online life, when self-identification precedes authenticity – seems more and more like the age of Tom Ripley, Highsmith's greatest creation.« – Matthew Sperling / *Apollo Magazine*, London

»She revolutionized the detective novel by inventing, just after the Second World War, the psychological thriller.« – Élise Lépine / *Alibi*, Paris

»Nobody describes the horror of murder more vividly.« – Nando Salvà / *El Periódico*, Barcelona

»And ever since Hitchcock's classic *Strangers on a Train* (1951), Highsmith grows more filmable every year, perhaps because our world is so swiftly catching up with the sort of people she wrote about: men and women who lie, commit forgery, and develop manipulative fictions to damage everyone around them.« – Scott Bradfield / *The Spectator*, London

»Her works keep their powerful attraction intact, the sensation that, by them, we draw closer to the abyss from which we are trying to run away from.« – Guillermo Altares / *El País*, Madrid

»Reading her is like having a devil on your shoulder arguing that decency and good citizenship are boring and cowardly, and so compellingly that you've acquiesced before you know it.« – Jake Kerridge / *The Telegraph*, London

»She was also the first to make short work of the hitherto almost sacred dualism of good and bad, and cancelled out the traditional ending« – Charles den Tex and Anneloes Timmerije / *De Volkskrant*, Amsterdam

»With a concise and minimalistic style, inspired by Maupassant, Highsmith draws a character who is the pinnacle of the inversion of values postulated by Nietzsche and who tramples traditional values.« – Rafael Narbona / *El Cultural*, Madrid

»Highsmith wanted to show the murderers, almost murderers and murder fantasists from the inside because it rarely shows from the outside.« – Jürgen Kaube / *Frankfurter Allgemeine Sonntagszeitung*, Frankfurt

»The constant inner apprehension, which one is subject to while reading, does not end after the last sentence.« – Linda Stift / *Die Presse am Sonntag*, Vienna

»You should read Highsmith because she dared to look into the abyss where our blackest thoughts reside.« – John Vervoort / *De Standaard*, Brussels

Praise (cont'd)

»The notion that her books do not belong on those shelves because the complexity of their characters or the acuity with which they interrogate social mores, is laughable – for this is exactly what the very best crime novels do. It is why they endure. It is why we find them irresistible.

And it is why we will likely be reading Patricia Highsmith for the next one hundred years, too.« – Paula Hawkins / crimereads.com

»The profusion of *Ripley*-esque stories is perhaps no coincidence. For the con-artistry of *Ripley* speaks more than ever to our Instagram age, where the carefully-curated and crafted image trumps reality.« – Hugh Montgomery / BBC, London

»Highsmith's writing style keeps you on the edge of your seat.« – Terri-Jane Dow / Mslexia, Newcastle Upon Tyne

»Tense, compelling and disturbing, though her subject matter is, Highsmith's writing is sharp and witty – and incredibly readable.« – Terri-Jane Dow / Mslexia, Newcastle Upon Tyne
