Holly in Heaven

Published by Diogenes as *Holly im Himmel*
Original title: *Holly im Himmel*

When Holly arrives in heaven, it turns out her life is far from over: there's a lot going on in the other world. The place is packed with people and animals, but amid the crowds she meets Frida, who has been there for a hundred years and knows her way around. Together they set off towards the School for Angels. Because, as Frida explains, if you're an angel you can go back down to Earth. Holly is desperate to see how her family is doing. There's only one problem: ever since Bortel has been in charge of heaven, the school has been closed and the connection to Earth has been severed.
