## Bernhard Schlink *Erkundungen* zu Geschichte, Moral, Recht und Glauben

*Diogenes*

How do we live with history? What must we remember, what are we allowed to forget? Do we need a culture of remembering? How far does our responsibility go? To whom do we owe solidarity, and what do we owe out of solidarity? What is the bad thing about betrayal? What makes our identity? Can we remain Christians if we have lost our belief? What does it mean to be a lawyer? How does the law change, and what is jurisdiction developing into? Taking familiar definitions, everyday experiences and societal and political conflicts as a starting point, Bernhard Schlink explores complex topics which are both timeless and highly topical – in his typically descriptive narrative style.

### Praise

#### Explorations

›A collection of well-written, easily comprehensible essays, lectures and sermons. This book is simply and profoundly about what holds both individual lives and communities together.« – Thomas Groß / Mannheimer Morgen

#### Bernhard Schlink

›Schlink has won his huge popular following by bringing to bear a penetrating intelligence about the psyche of his characters and an empathy for their dilemmas. Professor Schlink may be an expert on the letter of the law, but writer Schlink is an intrepid explorer of the much trickier terrain of the human heart.« – Andrew Nagorski / Newsweek, London

›[Schlink] writes instructive tales that adeptly raise difficult questions and propose appealing answers.« – New York Times Book Review

›The German novelist Bernhard Schlink is pretty much second to none when it comes to storytelling.« – Helmut Atteneder / Oberösterreichische Nachrichten, Linz

›Schlink knows the depths of the human soul all too well. The writer and judge proves with each of his books that he knows how to transform German history into literature.« – ZeitPunkt, Leipzig

›One of the most successful and versatile German writers of our time.« – Volker Hage / Der Spiegel, Hamburg

›The truly masterly aspect of Schlink's prose is its intelligence – an intelligence that is firmly rooted in common sense.« – Welt am Sonntag, Hamburg
