When Kubaki Comes

»A picture book that draws on unlimited resources. A fantasy story that turns everything upside down.« – Deutsches Allgemeines Sonntagsblatt, Hamburg

»With its multi-faceted illustrations, this book precisely captures the world of fantasy in which children immerse themselves when they are absorbed in play.« – Neue Presse, Hanover

Who would have thought that a whole world was hidden in a forgotten corner of an old bric-à-brac shop? Nick, Anni and Kubaki, a strange old wooden horse, embark on a journey of discovery, passing through such fantasy worlds as Maharajovia and Slidestan, exciting cities like Aquaville, where ships sail above the skyscrapers and climb to the roof of the world, from where one can throw paper planes that fly as far as the horizon ... A dream-like journey around the world in twenty-one colourful illustrations. A book for those – like Nick and Anni – yearning to discover the world beyond the garden fence.
