Forlani

Patricia Highsmith (1921 – 1995), born in Fort Worth, Texas, grew up in Texas and New York and studied Literature and Zoology. She wrote her first short stories while still in high school and initially earned a living as a comic book writer. She had her first international hit in 1950 with her debut novel *Strangers on a Train*, and the film adaptation by Alfred Hitchcock catapulted her to worldwide fame. Patricia Highsmith died in Locarno in 1995.

Praise (cont'd)

»Ripley has always been a source of inspiration for cinema, which is what makes him lively, shining and omnipresent still today.« – Nadia Terranova / La Stampa, Torino

»Everything appears entirely causal in Highsmith's books. Logically inferred, and presented in a dramaturgically polished manner.« – Ronald Pohl / Der Standard, Vienna

»To read Highsmith's stories is a delight, a real celebration.« – Alex Rühle / Süddeutsche Zeitung, Munich

»For some unknown reason Patricia Highsmith, one of the most important modern narrators, is regarded as an author of crime novels. She is both.« – Gore Vidal

»In the best stories, there is a clarity in terms of composition and a unity in tone that reminds you of Edgar Allan Poe, staged with a backdrop that evokes Edward Hopper.« – Tiziano Gianotti / La Repubblica, Rome

»The grande dame of the thriller turns 100 and is more up to date than ever. Her creatures are patrolling the moral low life of our nature, committing their cruelest crimes.« – Laura Ventura / La Nación, Buenos Aires

»Truly, Highsmith, who was an avid reader of Dostoevsky and Kierkegaard, illuminates the shimmering shades of good and evil.« – Maike Albath / Süddeutsche Zeitung, Munich

»Highsmith's unfathomable nature is every bit as deep as Fyodor Dostoevsky or Joseph Conrad's hellscapes.« – Jan Wilm / Neue Zürcher Zeitung, Zurich

»... queen of psychological suspense.« – The Guardian, London

»Patricia Highsmith will take you on a journey, into temptation, passion, guilt, cruelty and danger. She is the voice that dogs you in the dark, seductive and persuasive, nightmarish yet irresistible.« – Amanda Craig

»I love the addictive quality of Highsmith's novels, her ›low hypnotic murmur‹ or the feverish, lyrical prose in *Carol*.« – Jill Dawson

»Although I'm a great admirer of Patricia Highsmith's thrillers and the complex moral landscape she explores, for me the high watermark will always be *Carol*, aka *The Price of Salt*« – Val McDermid

»Highsmith (1921-1995) introduced new layers of psychological complexity to the crime thriller, one key reason why filmmakers continue to be so attracted to her.« – Geoffrey Macnab / The Independent, London

»Whereas other crime writers' work often becomes dated or seems tied to a specific period or place, Highsmith's books have enduring and universal appeal.« – Geoffrey Macnab / The Independent, London

»We are often drawn into Highsmith's claustrophobic world like flies tentatively exploring the gossamer strands of a spider's web.« – Andrew Wilson / The Sunday Times, London

Praise (cont'd)

»The canonization of Patricia Highsmith – doyenne of the psychological suspense novel, depressive homosexual, mean drunk, and one of the greatest, darkest American storytellers since Poe – has officially begun.« – Terry Castle

»When you read one of Highsmith's stories, you've given her permission to follow you, catch you, take you apart. Get ready to run.« – Carmen Maria Machado / The Guardian, London

»The 21st century – when imposture is at the heart of online life, when self-identification precedes authenticity – seems more and more like the age of Tom Ripley, Highsmith's greatest creation.« – Matthew Sperling / Apollo Magazine, London

»She revolutionized the detective novel by inventing, just after the Second World War, the psychological thriller.« – Élise Lépine / Alibi, Paris

»Nobody describes the horror of murder more vividly.« – Nando Salvà / El Periódico, Barcelona

»And ever since Hitchcock's classic *Strangers on a Train* (1951), Highsmith grows more filmable every year, perhaps because our world is so swiftly catching up with the sort of people she wrote about: men and women who lie, commit forgery, and develop manipulative fictions to damage everyone around them.« – Scott Bradfield / The Spectator, London

»Her works keep their powerful attraction intact, the sensation that, by them, we draw closer to the abyss from which we are trying to run away from.« – Guillermo Altares / El País, Madrid

»Reading her is like having a devil on your shoulder arguing that decency and good citizenship are boring and cowardly, and so compellingly that you've acquiesced before you know it.« – Jake Kerridge / The Telegraph, London

»She was also the first to make short work of the hitherto almost sacred dualism of good and bad, and cancelled out the traditional ending« – Charles den Tex and Anneloes Timmerije / De Volkskrant, Amsterdam

»With a concise and minimalistic style, inspired by Maupassant, Highsmith draws a character who is the pinnacle of the inversion of values postulated by Nietzsche and who tramples traditional values.« – Rafael Narbona / El Cultural, Madrid

»Highsmith wanted to show the murderers, almost murderers and murder fantasists from the inside because it rarely shows from the outside.« – Jürgen Kaube / Frankfurter Allgemeine Sonntagszeitung, Frankfurt

»The constant inner apprehension, which one is subject to while reading, does not end after the last sentence.« – Linda Stift / Die Presse am Sonntag, Vienna

»You should read Highsmith because she dared to look into the abyss where our blackest thoughts reside.« – John Vervoort / De Standaard, Brussels

Praise (cont'd)

»The notion that her books do not belong on those shelves because the complexity of their characters or the acuity with which they interrogate social mores, is laughable – for this is exactly what the very best crime novels do. It is why they endure. It is why we find them irresistible.

And it is why we will likely be reading Patricia Highsmith for the next one hundred years, too.« – Paula Hawkins / crimereads.com

»The profusion of *Ripley*-esque stories is perhaps no coincidence. For the con-artistry of *Ripley* speaks more than ever to our Instagram age, where the carefully-curated and crafted image trumps reality.« – Hugh Montgomery / BBC, London

»Highsmith's writing style keeps you on the edge of your seat.« – Terri-Jane Dow / Mslexia, Newcastle Upon Tyne

»Tense, compelling and disturbing, though her subject matter is, Highsmith's writing is sharp and witty – and incredibly readable.« – Terri-Jane Dow / Mslexia, Newcastle Upon Tyne
