Two star-studded Hollywood movie productions about Thomas Edison are in preparation, one starring Eddie Redmayne (*The Theory of Everything*, *The Danish Girl*), the other one Michael Shannon (*Nocturnal Animals*, *Salt and Fire*).

A spark of genius, a Faustian pact, two destinies: Thomas Edison and his banker J.P. Morgan.

Two geniuses in a historical thriller on money, corruption and murder. *Brilliance* is the story of two very different men who together were destined to change the world.

One of them brought light into the dark, while the other was a financial genius. But whereas J. P. Morgan left the relationship as the richest man in the world, Thomas Edison, the inventor of the lightbulb, allowed himself to be seduced by the sparkling world of his business partner and not only risked his creative powers but also the well-being of his soul.
