Green Gold

Published by Diogenes as *Grünes Gold*
Original title: *Grünes Gold*

One morning, a man arrives dead in the chairlift on Monte Solaro. Someone must have shot at him from the sun-scorched Macchia below. The first clue leads to an olive grove; one that conceals an old secret. While the Naples criminal investigation department send a specialised search team, the island police officers Enrico Rizzi und Antonia Cirillo stumble across extravagant ideas regarding valuable olive oil in this, their latest case – and across a tree with a variety of olive that grows only on Capri. One for which some people would kill.

Luca Ventura prefers to remain anonymous. The writer lives on the Gulf of Naples, where he is currently working on the next case in the *Capri* series about the islander Enrico Rizzi and his north Italian colleague Antonia Cirillo.
